

Church Hill Nursery School Parent and Carer Survey 2019

We received 21 online responses and 16 on paper. We publicised this:

- Once by email
- 3 texts
- Posters around the schools
- Posts on the school website
- A notification via the School apps
- Post on each of the facebook pages
- A tweet

These were the additional written comments:

- I've been incredibly impressed with the staff at Church Hill and their approach to development and learning.
- Friendly staff good place for a child to progress to be happy. I am more than happy to let my child in this nursery
- It would be great to have some more feedback about progress. Other nurseries have an online portal where you can see child's activities and progress. . . Finances and communication are unorganised. Staff are fantastic and incredibly experienced.
- Everything good
- Love that your staff turnover is relatively low continuity of care and experienced staff
- Very happy with the support she receives as well as me as a parent
- This is really good nursery very well behaviour of everyone. My son loved his nursery teachers. He learned a lot.
- Outside area of particular importance/value to us.
- Some more feedback on a weekly basis on my child's progress throughout the week.
- My girls are so happy at Church Hill thank you to the staff for amazing dedication. The only think I'd say is it would be good to get more feedback from the 2yo room. I'd also like to know more about who my eldest daughter plays with and has eaten for lunch when she stays.
- The nursery is good so I don't have nothing to said.
- I'd like to see some progress in getting parents to not drive in/idle at the gates.
- My son so enjoyed Church Hill nursery. And he always day nursery was fu mummy or "20". And excellent key worker or "4".
- My daughter has been without a name badge for months and I'm worried it may have a negative impact on her sense of self. My wife mentioned this weeks ago and it's still not sorted. Can this PLEASE be fixed rapidly?
- You are the best nursery in UK.
- Staff could communicate weekly at pick up.

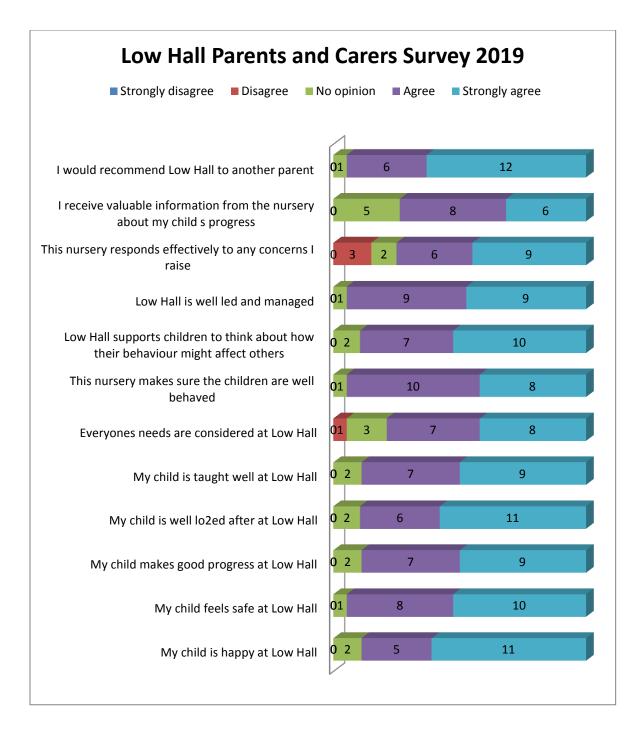

Low Hall Nursery School Parent and Carer Survey 2019

We received 20 online responses and 0 on paper. We publicised this:

These were the additional written comments:

- On a separate note I think that it would be really valuable to give parents a quick run down of what their child has eaten each day.
- Teachers and staff should be positive about children
- The calendars that were given out are very useful
- I find everything I want to know on the website or on facebook

We asked people to tell us how they prefer to receive urgent and general information. Below are the answers for each school, and for the schools combined.
